

Breakfast & Lunch Changes!!

Please Read and Return to School!!

In the past, when students would get an extra sandwich, milk, snack, slushies, and other ala carte items students would pay in cash. This year cash will no longer be accepted for these items, but instead will be charged directly to the student's lunch account. This change is to keep proper financial records of what is being sold in the kitchen for our state audit.

Ala Carte Items (Howells)

- Extra Entree - \$1.00
- Small Slush - .25
- Medium Slush - .50
- Large Slush - \$1.00
- Frozen Novelties - \$1.00

Ala Carte Items (Dodge)

- Extra Entree - \$1.00

- Pop Tarts - \$1.00
- Cereal Bars - \$1.00
- Fruit Snacks - .50
- Granola Bars - .50

Ala Carte charging can be blocked on a student's lunch account if parents wish. Please complete the form below indicating for **each of your children** if they may or may not charge extra items to their account. Please discuss with your children what they may charge, the frequency (daily slushie, etc.) of purchases, so as not be surprised when you receive your balance notification. You will be financially responsible for what your children purchase! Families who qualify for Free/Reduced meals must also indicate if they want their children purchasing extra items as these are not included in the free/reduced lunch program.

If you have indicated to block ala carte purchases from a child's account and you occasionally decide they may buy something you must send a note. We will not accept "mom said I can have a slush today".

Reminders

- Students may not be allowed to eat if their lunch account has reached a negative balance of \$30.00. This amount will be reached much quicker with ala carte item purchases!!
- Students qualifying for Free/Reduced meals must also pay for ala carte items and will only be allowed to charge up to \$5.00.

Student	Grade	YES, my child may charge	NO, my child may charge
